ABOUT US

MADE IN THE USA

Jeff & Linda Riach

Since 1977, when my wife Linda and I made all of our tables by hand in the commune where we started Oakworks®, we have always understood the importance of US manufacturing. Back then, Oakworks® allowed us to work close to nature, with our little solar heated shop and organic gardens outside our door. We spent seven years living off the land and on the land, had two children, and developed a view of life and values that were different than most. We came to understand that we are all connected to the land and to each other, we have a responsibility to nurture all. This sense of connection and responsibility is reflected in our commitment to US manufacturing, the environment, our customers, and our employees.

AWARD WINNING CUSTOMER SERVICE

Our commitment to the environment and our employees is carried through to our commitment to our customers. On the rare occasion of a problem, our award winning Customer Service team is available to assist. We are committed to our customers' satisfaction, and want to be sure you are pleased with every purchase. Our reputation for Customer Service is the best in the industries we serve.

DESIGN PHILOSOPHY

Our design philosophy is really quite simple; build beautiful products that support therapist's ergonomic health and client's comfort while ensuring good value through high quality construction. Beauty is in the eye of the beholder, and within this catalog we are sure you will see something that catches your eye. Ergonomics are critical to insure that your therapists deliver their best work, day after day, all day long. High quality construction is both environmental and customer imperative. We strive to deliver the highest quality products built to withstand the demands of any treatment room. We know that products that are built to last don't end up in landfills and we build products that are designed to be repaired if necessary, not thrown away.

RESPONSIBLE FOREST MANAGEMENT

Since our inception in 1977, we have maintained a strong commitment to both the environment and our employees. We make products that are built to last while having the least amount of impact on the environment as possible. We are Global Cooling Partners with Trees for the Future and have financed the planting of over 500,000 trees, completely offsetting our carbon footprint in recent years. We are a Forest Stewardship Council™ Certified plant, following their high standards that ensure we use woods harvested in responsible ways. Our Pennsylvania manufacturing facility meets or exceeds all EPA and OSHA standards for safe working conditions and we have developed many unique ergonomic work stations to insure our employees' health.

2.

3.

4.

5.

6.

1. PATENTED SLIDELOCK™
   Designed to offer even greater strength than our cable lock system, features the strongest cables on the market.
2. PATENTED INTEGRAHINGE™
   Oakworks® exclusive design integrates the attachment of the bracing system to offer incredible strength and lighter weight that no piano hinge can match.
3. ENGRAVED WOODEN KNOBS
   Low profile design with built in grip band is easy to use and won't get in your way like plastic knobs.
4. UNILOCK™
   Super quick, easy to use system folds out of the way for shiatsu and won't rip your sheets or mark your floor.
5. ULTIMATE ACCESS END PANEL & SHIATSU CABLES
   Our unique system allows you to get your legs under the table at the height you work, offering the best access on the market. The shiatsu cables allow the table to be laid flat on the floor.
6. AERO•CEL™ PADDING UPGRADE
   New technology in padding options now gives you 4" of more resilient support with a softness that conforms to the body's curves.

NOVA™ with ABC PACKAGE

professional line

INCLUDES: NOVA™ with ABC System, Professional Carry Case, Boiance™ Face Crescent & Adjustable Face Rest

The Anatomy of Comfort

because every-body is different!

ABC System

Air lift system allows for a custom fit in both prone & supine positions - without disturbing your client!

Professional Carry Case

Every person has their perfect spot. It is more of a matter of pressure than anatomy.

Adjusts above level, even with weight on it using the convenient foot pump.

CE

PT400M *professional line*

The PT400M is the most advanced massage table on the market. It provides excellent access to your clients while providing comfortable support. The powered Center break in prone opens up their back muscles and relieves pressure in the lower back. In supine it takes the pressure off their lower back and creates a gentle abdominal stretch. The powered Center Break also allows you to continuously stretch muscles in side lying, prone, and supine by slowing raising the center as the session progresses.

- **Advanced design for the best ergonomics**
- **Powered Center Break and Height**
- **Qualifies for ADA Tax Credit**

The PT400M comes with QuickLock™ Face Rest Platform, Boiance™ Face Cradle Pillow and Two-function Foot Control.

PRONE

The PT400M relaxes and stretches the lower back naturally. Shown with Extension Pad.

SUPINE

The PT400M supports the lower back and gently stretches the abdominals.

SIDE ARM RESTS

Side arm rests allow you to support your client and take advantage of the narrow 22” width. They pivot in and out and can be easily removed.

POWERED CENTER BREAK

Watch the video!

EXTENSION PAD

The extension pad can be used at the head or foot end, and as an arm shelf with the arm shelf bracket accessory.

Boiance™

FACE REST CRESCENT

Watch the video!

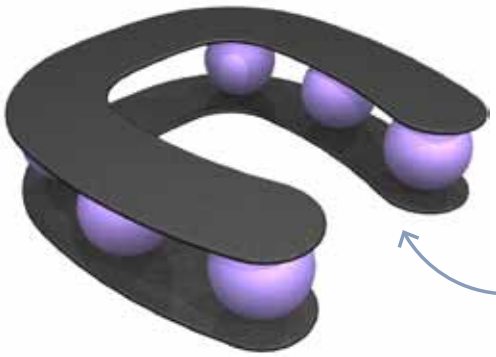
the MOST COMFORTABLE FACE REST CRESCENT ever

The only face rest crescent with built in water spheres for cushion and support!

PATENT PENDING WATER SPHERE TECHNOLOGY

introducing

Boiance™ float



shown with the Boiance™ face rest crescent

- Incredible freedom of movement in all directions
- Eliminate compression of the cervical spine
- Works with most major brands of face cradles & pads
- Patent Pending Water Sphere Technology
- Just insert between cradle and pad!

The Boiance Float device is excellently designed. It allows the head and neck to move naturally as the massage proceeds. My clients say that it is the most comfortable their neck has ever been on a massage table!

Dr. Ben Benjamin

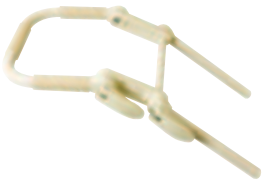
AERO•CEL™ FACE REST CRESCENT

Soft and supportive, this versatile face rest pad adjusts to support any size or shape face for prone comfort. Turn it around and create a great cervical pillow for supine treatments. It is the standard pad included with every face rest.

QUICKLOCK™ FACE REST PLATFORM



Our best-selling face rest platform is an invaluable support option, providing superior access with optimum comfort. The double articulating adjustability ensures a perfect fit for all body types and even helps with positioning clients with cervical injuries. (Available in Black or Vanilla)

ADJUSTABLE FACE REST PLATFORM

This face rest adjusts in height and angle using a single cam lock.

BUTTERFLY CUSHION

The adjustability afforded by the air system ensures proper positioning and comfort. The two chamber design, with asymmetrical support regions, offers a wide range of positioning options.

FLUFFY BOLSTER

Oakworks® 8" Fluffy Bolster is the perfect positioning tool offering cradling support for the hips, knees and ankles. Filled with an ultra-soft material and covered with earth friendly PVC free TerraTouch™ fabric. 26"L with 8" Diameter

ADJUSTABLE 8" AIR BOLSTER

The patented 8" round air bolster features twin air chambers that allow you to customize the size of the bolster to conform perfectly to your client and offer incredible comfort compared to foam or poly filled bolsters. 26"L with 8" Diameter

BODY CURVE™

Prevents the client's neck from being hyper-extended during comprehensive treatments like facials, waxing and massage services. The angled sides offer accessibility without sacrificing support. The Body Curve™ can also be used for lower back support, or to support the wrist or shoulder. 11"L x 5"W x 3" H

WEDGE BOLSTER

Use a wedge bolster along with our QuickLock™ face rest platform to create a quick and easy backrest for any portable or stationary massage table. 24"W x 10"H x 24"L with a 36° Incline.

ASSEMBLED BY HAND IN THE USA

50 per box. Provides a fitted disposable sanitary covering at an irresistible price.

FLAT DISPOSABLE FACE REST COVERS

100 per package. Super soft and disposable, this flat cover provides a sanitary covering for just pennies per treatment.

STANDARD & KING SIZE PILLOW COVER

Standard: 28" L x 20" W
King: 34" L x 18" W
Fits king size pillows 20" x 36" or two standard pillows. Available in all TerraTouch™ colors. Includes pull handle at one end and zipper closure.

FITTED TABLE PROTECTOR

Now you can easily protect your massage table with this PVC free TerraTouch™ fitted table protector. Fits tables up to 31" wide.

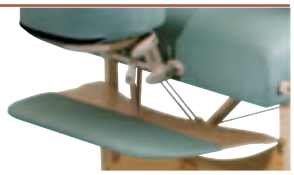
ESSENTIAL CARRY CASE

A sturdy, basic case with a large zippered pocket and multiple handles. It gives you the table protection and carry convenience you need at an affordable price. Sizes: L, XL

PROFESSIONAL CARRY CASE

A large 19"x 24" storage pocket, padded bottom for added protection, a non-slip shoulder strap, convenient handles and dual-slide zippers take you comfortably down the road, while the durable case protects your table in style. Sizes: M, L, XL, XXL & XXXL

Available on the Nova™ and Aurora™. Hinged to the table. Folds out of the way when not in use. Not available on table with height range of 18" - 26". Face Rest required.



ARM HAMMOCK

Offer your clients optimal comfort without spending a fortune. The Oakworks® Arm Hammock is the "must have" massage table accessory. This unique product will comfortably and easily support your client's arms when in the prone position. Available in Black or Vanilla. Face rest required.

POLY-COTTON SHEETS

Includes: Fitted Sheet, Flat Sheet & Face Rest Cover
Poly/cotton sheets wrinkle less, shrink less and last a very long time. Fits tables up to 31" wide. 200 Thread Count. Available in Ivory.

100% COTTON FLANNEL SHEETS

Includes: Fitted Sheet, Flat Sheet & Face Rest Cover
Machine washable, luxurious, unbleached, 100% cotton flannel sheets. Fits tables up to 31" wide. Available in Ivory.

ESSENTIAL TABLE WARMER

The Essential Table Warmer adds a layer of warmth to your table, comforting your client and preparing them for a relaxing treatment. 30"W x 72" L

PREMIUM TABLE WARMER

Luxurious, fleece table warmer fits most tables and distributes therapeutic heat evenly while enveloping your clients in plush comfort. Programmable up to 99 minutes.
30" W x 72"L

TABLE & FACE REST FLEECE

Protects your table & face rest from exposure to oil, it's washable, and provides your clients with warmth and comfort. 28"W x 72" L

SIDE LYING POSITIONING SYSTEM

OAKWORKS®
The Professional's Choice

"I have been teaching pre- and perinatal massage for thirty years, and this system does it all! It is the first system designed specifically to comfortably support and stabilize every part of the body for side lying perfection."

CAROLE OSBORNE
Author of Pre- and Perinatal Massage Therapy & 2008 AMTA National Teacher of the Year

"The SLP system is the finest quality bolstering system that I have ever used. It adds another level of professionalism to my Structural Integration and Myofascial Therapy practice."

GEORGE KOUSALEOS, BA, LMT, NCTMB
Founder and president of the CORE Institute School of Massage Therapy and Structural Bodywork in Tallahassee, Florida

"Placing clients and patients, in the most comfortable and least stressed position, when administering hands on, therapeutic intervention will magnify the best outcome. The ability to work with people in a side lying position, comfortably, will allow the therapist to explore more therapy options."

BENNY VAUGHN LMT, ATC, NCTMB, CSCS
Licensed Massage Therapist since 1974. He is a Certified Athletic Trainer and a Certified Strength and Conditioning Specialist

- Helps relax and stabilize your client to make your work easier
- Stretch soft tissues and mobilize joints with more ease
- Perfect for pregnancy massage, medical massage, sports massage
- 30 day money back guarantee
- Comes with free instructional DVD

No other system on the market is designed specifically to create ergonomically correct support for side lying positions. In development for almost a year with the help of top pregnancy instructors who are very focused on correctly positioning people in the most comfortable way, every detail was considered. Each pad has unique features that insure that the client is properly supported.

TABLE CART

We designed the Table Cart specifically for Massage tables. Most on the market are luggage carts being sold as massage table carts. This design has soft support panels that cradle your table to insure the foam and fabric are not dented or ripped. We also balanced it perfectly, so when you are pulling your table around, it isn’t pulling you down! Fits tables up to 35” wide. Available in black only.

TERRATOUCH™ FABRIC

TerraTouch™ Oakworks' PVC- free premium polyurethane fabric has excellent resistance to oil, abrasion, and tears. TerraTouch™ passes testing for Cytotoxicity, Skin Irritation and Sensitization as well as CA TB117 Fire Retardance testing. For disinfecting purposes you may use Protex, MadaCide, MadaWipe, Accell TB, Virox® (Canada), PDI Duper Sani-Cloth Germicidal wipe or a diluted 1/10 bleach solution.

PADDING

See product specifications for available padding on specific tables.

AERO•CEL™ PADDING

New technology in padding options now gives you 4" ***(6" available on stationary tables only)*** of more resilient support with a softness that conforms to the body's curves. Offering the most relaxing and nurturing environment possible, it's an investment that will return long years of "ahhhhs". Weighs 4-5 pounds more than semi-firm.

PLUSH PADDING

3" thick, 3 layer multi-density system creates the perfect balance of comfort, longevity, and light weight for portable tables.

SEMI-FIRM PADDING

2 ¼" thick, 2 layer multi-density system is a great balance of lightweight and comfortable support. All portable table weights are based on this system.

FIRM PADDING

1 ½" thick, 2 layer multi-density system is our firmest option.

FIRM RESPONSE PADDING

1 ¾" thick, 2 layer multi-density system is designed specifically for physical therapy. Available only on the PT400M.

COMFORT FOAM™ PADDING

2 ½" thick, 2 layer multi-density system is similar to Plush padding in feel, but is designed for the medical market and higher expected usage rates. Available only on the PT400M.
